INTRODUCTION

Test Tandy's all-terrain XR-2200 racer by taking it to its limit on a treacherous cross-desert race track. The object is to complete each course as fast as you can, and avoid crashing into the other riders and obstacles that you encounter along the way. After you complete the fourth race, the three race tracks become more difficult and are selected by random.

The race continues until you run out of "crash allowances." For example, you are allowed three crashes at the start of the race and receive additional crashes upon completing each course (a maximum of 5 crashes). The game ends when you run out of crashes.

Scores falling within range of the top ten scores are entered in the DESERT RIDERS HALL OF FAME.

Required Equipment
